Chiachyi Chiu:
谢谢!我们爱你!
The Class of 2011 is honored to dedicate this year's Griffin to Mrs. Chiu.

The class of 2011 is honored to dedicate the 2011 Griffin to Chiachyi Chiu, our loving mentor, teacher, and role model, but above all, mother. From supplying endless amounts of Chinese gummies and cooking delicious dumplings in the Moss common room to teaching timid first-year Chinese students how to yo-yo, Mrs. Chiu is known for her dedication to her students and her warm heart. Lao Shui, as even those who do not take Chinese affectionately call her, has welcomed each and every one of us into the school.

Lao Shui is forever teaching us life lessons, in and out of the classroom, and she is never too busy to listen to our problems. While she has one of the busiest schedules in the school she still finds time to talk to every student who needs help. Lao Shui has helped the Class of 2011 through every little bump in our St. Andrew’s road. Mrs. Chiu has never turned away from a student in need and this is why we love her. She has always given 100% to the class of 2011 even when pressed for time. Without the wisdom of Mrs. Chiu, the class of 2011 would not have become the leaders, students, and friends we are today. Mrs. Chiu, we will miss you and we could never do enough to repay for your wisdom, support, friendship, and most of all love that you have provided us over the last 4 years. You make St. Andrew’s an amazing place to live and learn.

THANK YOU, WE LOVE YOU!

- You can find me on Facebook, my future college, BECA, schools, and Honduras!
So it's been four years. I never thought I'd come to this point and look back on all that this place has done to me, forever. And at all the times you met me, and saw, "Well, I guess it really did work out for you." For a long time, this place put me through hell. It tore me to pieces, inside and out, morosely and aggressively tried to change the way I perceive life and the people around me. I can say, I no longer feel the process. But that was something I never would have found. That this place has really done to me. It is something that I can't promise I'll ever be able to fully explain, but the bottom line is, this place changed me. It flipped me around from the bottom up. And altered the way I see everything around me. It changed the way I think about life, happiness. What it means to be real, religion, friends, death, family, independent, confidence, love, and all the other things that have to do with anything people can believe in or experience. I'm not usually the kind of person who will gladly open up all of my feelings, emotions, and personal thoughts, but through all of the people I've been close with at this place, each and every one of you has caused me to open my mind entirely. You have been the cause of this change. Granted, I may not have enjoyed everyone and everything that has happened to me, but the thing that resonates deeply, that each and every one of you have brought me just that much closer to understanding myself and what I'm all about. If you're still reading this, you've probably helped me more ways than you understand. Because of you, I am able to appreciate what are most assuredly the most significant years of my life, and to be incredibly grateful for everything I have been through here. Because of you, I have grown. Because of you, I have changed. Without you, I would not have become me.

Thanks to my family, Eric, Mom, Dad, for being behind me 100% of the way.
I’ll miss the best times of my life.

James Metcalf
Some thanks:
To every teacher who has inspired me to reach further, to work harder, and take the extra step; thank you. Ms. Matouk, thank you for instilling some small sense of humility in me. Mr. DeSalvo, Mr. Hutchinson, thank you for having incredible drive every day. Mr. Hammond, Ms. O'Shea, and Mr. Kemer: Thank you for the patience you displayed in explaining to me that which I did not understand. Mr. Roach, thank you for fueling my idealism. Ms. Pressman, thank you for teaching me to write well. Ms. Caldwell, Mr. Hyde, Mr. Duffy, Mr. Carroll, and Mr. Hutchinson once more: Thank you for teaching me to compete.

To the Class of 2011:
I could not single out one person or one group from our class as more important during my three years than another. Living with you guys has been an incredible pleasure, and I hate that it has to end. We’re all going on to great futures all over the world, and hopefully we’ll achieve the goals we have set out. I wish all of you good luck, and I hope that I can see some of you guys on the other side.

To the Class of 2012
From when you guys were freshmen, you always had an incredible energy in everything that you did. Jake, Ike, Khary, Will, Maas, Martin, Mason, and Jawah: Playing football for two years wouldn’t have been as much fun as it was with you guys. Alec, Henry, Dayton, Klein: You have my utmost respect for pushing through under a (partially) insane coach. I know that all of you, as a class, will do incredibly well leading the school next year.

To Schmolze 2010-2011:
From Fifa, COD, and Halo to unfortunate “raids”, you guys were crazy and challenging all year. I’m confident that you guys will survive and thrive during junior and senior years. Don’t do anything too crazy that you will regret, but also don’t miss out on the opportunities you have. St. Andrews will be over before you even realize it, and you guys shouldn’t feel like you missed out on anything.

“For all those whose cares have been our concern, the work goes on, the cause endures, the hope still lives, and the dream shall never die.”-Ted Kennedy

For as long as I have been a part of St. Andrews, it has meant more than a school, a home, or even a community. It has been a place where the highest ideals could shine, and people could fulfill their potential to be the smartest, most courteous, and best all-round people possible. I have continuously felt as if I was able to participate in any activity that I could fit in my schedule, and that I was welcome anywhere. I felt able to achieve whatever I wanted because of the tangible atmosphere of acceptance and support from everyone around me. For a school of 300 students, we always seemed to have at least five diehard fans at each and every sports event. The culture of friendship through shared burdens buoyed and lifted me throughout my three years here. I can only hope that future classes are inspired to work in school and after to make the world a better place.

“Always remember where you come from, but never let it define you. You are who you are because of what you’ve done, and no one can take that from you.”

One parting piece of wisdom: Never take St. Andrews for granted. Your time here is precious.

To the Class of 2014:
I have the utmost confidence in your class to bring St. Andrews to heights it still has yet to reach. I will never forget your games, your jokes, your pranks, or sometimes-too-loud squeals of excitement. I know that your class can surf the waves of adversity at our school with ease and aplomb. I will not be surprised if I return in three years and see St. Andrews as a brighter and happier place. Make me proud, because I know you can.

Thank you for your honesty and friendship. I hope you go on to be cool, edgy, and ironic in your years ahead.

Carter: We've come a long way since we roomed way back when. Your friendship and support has meant so much to me, and you've helped me through some of the darkest times of my life. Thank you for pushing me and picking me up when I was down, and never letting me give up.

Jamie: I can't thank you enough. You've been a constant presence in my life, even though you confuse the hell out of me sometimes; at the end of the day, I can always count on you for a laugh.
We packed up all of our bags
The ship's deck now sags from the weight of our tracks
As we pace beneath flags black and battered
Rattling our swords in service of some fated, foreign lord

And every night finds us
rocking and rolling on waves
wild and wide
while we have lost our way,
nobody's gonna say it
outright.

VICTORY

OURS

Still though, I think if you’re not, at least a little, self-obsessed, you’re probably boring.

In a dark and confusing world, you burn brightly. I never feel lost.

Dear Green Apple Juice that used to be in the Dining Hall, STILL MISS YOU.
For four years St. Andrews has been my home and a place that helped me experience tremendous growth. I believe this school gives one the confidence to become the most genuine and true form of themselves. Here, I have become myself and I will never forget that! Nancy, although freshman year was a little rough, you have helped me with everything from boy problems to dad problems! You will always be in my heart as the best example of being yourself! Claudia, 3 years of being on all the same sports team together was the best. You helped me mature while always making me laugh. Ella, you have been one of my strongest friends! I could tell you something that wouldn’t even rock you at all! Ella+Claudia- Beats, Bears, Battlestar Gallactica! Alex, you are the brother that I never had! We have had more than our share of rough moments but we both know that they have only made us stronger! Liza, you are the funniest, craziest, most authentic person I have ever met. You were my light on a dark day. Elizabeth, my inspirational quote buddy, you always have the best advice! I always listened to you and I will never stop. Mackenzie, you have always been someone that I can relate to and someone who was easy to talk to! Henry, I know that we didn’t get along freshman year but I now have so much love and respect for you; you will do great things! James, I will miss your sass and all around awesomeness! Lower M, you were the best of my 4 years here! I loved everyday with you and I will miss you dearly. Nina F, you were the senior that I had to strongest connection with and you helped me grow more than you can ever know! So this is my page. My world. My universe. I've been told that I can do whatever I like on this page, and that, frankly, is a bit overwhelming. I feel I should shout out to all my friends and family and put up some pictures where I look happy and stuff like that. I also think I should do something simple and witty that would catch people off guard. But instead I'm sitting here writing this nonsense hoping that I can make something of it.

There are so many things I could do right here in this little world that is mine that I've chosen to do nothing. I'm cracking under the pressure of being the creator of this universe, and I feel that I'm wasting precious space with every word. But maybe this is best, that I just ramble on and pray that some of it makes sense. That's kind of what I've been doing for a while. Don't worry, I don't expect anyone to make it to the end of this page. Well, now what? I guess it's about time I admitted that I don't like raspberries. This is something I've kept completely secret for a long time because I felt like the whole world would turn against me if they knew about my hatred for this fruit. I mean, who doesn't like raspberries? Am the only one? Have my taste buds been cursed by God? Is that how I've been distinguished, as the jerk who doesn't like raspberries? Will I ever be able to escape this title now that I've revealed this precious secret? I also don't like raisins or pickles, but I know others who don't like these particular foods, so it's all good. I also don't like silverware. If it were up to me, I would just eat most foods with my hands. In the matter of fact, I pretty much do when no one else is around. Sure, call me unsanitary. It's not gonna stop me. The only thing that could possibly stop me is poison. A gun would also probably do the trick. Or a good kick to the head. I've never been kicked in the head. Or punched, for that matter. I sometimes wonder what it would feel like. I imagine it would hurt. I want to bring back those days when men would go to saloons, drink moonshine, and then start bar fights. The good ol' days. But probably not. Those bar fights were quite painful. And back then they didn't even have Elton John. Or Bob Dylan. Or Robocop. I like Robocop. I like movies. Watching them and making them. Imagine if you were the first person to make a movie. That would be nuts. Pine nut. Peanut. Walnut. Pistachio nut. Red pistachio nut. I can't think of anymore. Squirrels like nuts. I don't like squirrels. But I do like movies that feature squirrels. Like Caddyshack. Well, that was a gopher, but it's all the same. I'm enjoying this, are you? I don't even know who I'm talking to, because I assume that no one with any sense would have made it this far if you have, then congratulations. I'm proud of you. Last night I had a dream. In that dream, I was eaten by a Makoshark. But it was kind of peaceful, because the only sound I could hear was Lou Reed's "Walk on the Wild Side." I have nightmares on occasion, but this was not one of them. It was almost as if by swimming in this shark infested water I myself was taking a walk on the wild side. Perhaps not in the sense that Lou Reed meant, though, considering that song is about prostitution. I don't consider myself a prostitute. At least, not physically. Every day in class I prostitute my ideas, but instead of being paid for them, I pay tuition. Is that justice? The short answer is: yes. I've seen all good people turn their heads this way so satisfied I'm on my way. I need a zombie escape plan. I always say I'm going to make one, but I never go through with it. If the dead begin to rise, I need my way out. First I'll need weapons. Those I don't have. Well, I at least need a car. I'll bring my truck up to school and park it right in front of Founders. Then when the time comes and zombies start attacking people and everyone starts yelling and running around frantically I'll be like "BAM!" and then I'll grab my keys and peace out. I'll fit as many people as I can take in the back of my truck, but I refuse to take anyone who's already been bitten. So hopefully now I'm prepared. I am an Eagle Scout after all: On my honor I will do my best to do my duty to God and my country, to obey the Scout law, to help other people at all times, to keep myself physically strong, mentally awake, and morally straight. A scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, and reverent. Bam. That's me. I guess. Although I don't consider myself particularly trustworthy. I'm somewhat of a compulsive liar. Or am I just lying when I say that? That's up for you to decide. Man I'm rambling I'm rambling I'm rambling I'm rambling. Bah. I was born a rambling man. And now I'm sitting here in solitude, putting my thoughts onto paper. I like solitude. I think everyone needs a quiet place, or else we would all go insane. Not that I'm not already a little bit insane. But I guess we all are at heart. So I guess now I'm advocating for not having a quiet place, because everyone should stay true to their insanity. Or am I? Hell if I know. This is getting heavy. I liked it better when it was all just about raspberries. So I've discovered that I do respect raspberries in some ways. So I guess this page hasn't been a complete waste of time. Nonetheless, the things I'm currently discussing are entirely trivial. Shouldn't I be writing something more meaningful, like something that will change all of your lives? Or at least something that gives my farewells to St. Andrews? I'm not smart enough to write anything of the like, so I'll borrow from the late great Warren Zevon in my final words to all you St. Andreans: Enjoy every sandwich.

Thank you to all my brothers-from-other-mothers who made my St. Andrew's experience meaningful. Laughing with you, complaining with you, grinding with you (just freshman year), and doing stupid things with you, I will always remember.

Thank you Lao Shi and Mrs. Zendt for taking care of me like a son and teaching me how to live for others, not for myself.

Thanks coach Wallace, Hammond, Demers, Geiersbach, Crimmins, and Kelly for the life lessons I will take with me after St. Andrew's. Although every practice was a challenge, the swim team was by far my favorite team of all time. Marco, we haven’t gone to Charcoal Pit yet but I know that I will always remember punishing the Kitchen Sink with you.

Thank you Hillier freshman. You guys are all great kids. Appreciate the time you have together because it will fly by and before you know it, you will be working on your senior pages the day before it’s due like me.

Class of 2011, stay strong. I can’t wait to see you guys at reunion in 50 years when you’re all shriveled up and married. Kervin, no more than 7 kids you hear?

SAS has been a crazy but amazing four years. There’s no way it would have been half as good without these people: Jameson, Bruno, Plautz, Marco, Adrienne, Elizabeth Dalymple, Sean, Cesca and Keats. I also want to give a shout out to everyone who I have been on a sports team with, especially the rowers from the Freshman 8, and the Cross Country Runners from this year and last year. Sports have been a huge part of my life at SAS and there wasn’t a better group of people that I could have chosen to be on a team with than you guys. To the people outside of school Adam, Web, my awesome sisters Laura and Lily, and Austin. I also want to thank Molly. We’ve been through some amazing times and some really tough times but we made it through all of them together. I don’t know what will happen to us in college, but I do know it is pretty awesome knowing that no matter what we’ll always be there for each other. I love you and I’ll never forget what we’ve shared these past few years.

Petey--I still appreciate your inappropriate jokes (even if your roommate doesn't). I'll miss your hugs.

Meagan--Country music, millions of room arrangements, late night chats, impromptu dance parties...thank you for an amazing three years. I wouldn't trade any of it.

Alice--"...but I AM going to take your pants off." Good times. Best triple ever.

Keats--Thanks for being there through all the swimming sets and post-practice shower talks. I love you.

Tony--I would eat caramel chocolates and watch movies with you for ten forevers if I could. You're the best.

Marcus, Whiting, Nick, and Forrest--the New York Times crossword won't be the same without you.

Kelvin- You're my brother and my best friend. Not having you here senior year was hard, but with your advise I powered through. You're my role model and I aspire to be as strong-willed and kind-hearted as you someday. I love you.

Dear Men's XC, Yes, my senior page is looking really green today. Love, Meagan

Will- William, Baba... You are my best friend. You've always been there for me and I love you! You mean the world to me and I owe so much to you. Meagan Green
Sitting here staring at the rain
All that I can see is your face
I know that there's no way no place
That I can go to get away

On rainy days when I'm alone
And there's no place that I can go
There's no one I'd rather see
Than me with you and you with me

Watching you walk away
What else can I say?
I love you I love you babe
What else could I do?
I miss you I miss you I miss you

On rainy days when
And there's no place that I can go
There's no one I'd rather see
Than me with you and you with me

Come back the rain's pouring
Life seems like its spinning
Without you by my side
I need you in my life
Give up on trying to leave me
Just stop and believe me
When I say I wanna cry
When I say I wanna cry

On rainy days when I'm alone
And there's no place that I can go
There's no one I'd rather see
Than me with you and you with me

On rainy days when I'm alone
And there's no place that I can go
There's no one I'd rather see
Than me with you and you with me

Me with you
And you with me

Joe, YH, and TJ (Aaron?)
Odds they're asleep after 10:30: 27 to 1

Emory, Aaron, and David
Odds they're asleep after 10:30: 1000 to 1
Odds of finding Waldo: 1 to 1

Odds Reed is the evil twin: 50000 to 1
Odds Henry has found a new TV show: 4 to 1

Brandon, Will, and Sang-Won (Aaron?)
Odds they're asleep after 10:30: 500 to 1
Odds Will uses the bathroom at 11:30: 1 to 1
Odds Brandon is taller than you: 1 to 10
Odds Sang-Won is smarter than you: 1 to 500

As everyone tries to use the bathroom one last time before they pretend to go to sleep, I go to Reed and Henry's room. Reed will brag about how Dez Bryant went to his old school, and Henry will inevitably have his laptop out after watching some TV show. Down the hall, TJ is yelling something while YH laughs and eggs him on. I can't hear what either of them are saying because Joe is making sure I understand how much better the Jets are than the Dolphins. In the next room, Brandon is getting into bed, tired from a long day in the gym, and Sang-Won is finishing up a call with his parents. Will runs in the room after me and tries to act like he isn't 5 minutes late to lights out. Finally, I enter the biggest triple on campus, where David is pleading for a joke while Emory makes his computer say "I love you!" Aaron is quiet while I'm in the room, but I'm fairly sure I'll hear him from the common room in 5 minutes. Finally, I sit down to watch The Daily Show. Over the next half hour, half the dorm will need a drink of water or a trip to the bathroom. Odds I would switch dorms: Infinity to 1.
Odds Peter wants a hug: 1 to 1
Odds a freshman is about to hand over some food: 1 to 1

Odds Tony is conscious: 438 to 1
Odds Nick isn’t on his dorm: 2 to 1

The Cardinal

The Cardinal is the school’s student run newspaper. It is a medium for expression by all willing writers and photographers, publishing articles from all different perspectives.

Syzygy Pictures

Syzygy Pictures is a filming organization dedicated to creating the most outstanding, dynamic, and splendidly phenomonal videos in the school. On numerous occasions, our fantastical prowess (and powers) became so manifest that we actually divide by zero. We all specialize in numerous skills from acting to sound effects. We aspire to achieve greatness, and to roundhouse kick anyone in our way. As well as making short films and shorts, Syzygy Pictures also assists in creating promotional videos, although no less magnificent. One day, the world will watch the galaxy explode in a whirlpool of iridescence and astrophysical reverie, all due to the debut of our master film.

The Pigeon

The Pigeon is a secret society of individuals devoted to the noble cause: no, the moral duty that is satire. The claim to membership is one reserved for the classiest, wittiest, and most learned in the craft of satire.

Independent Film Club

We put the “film” in “Independent Film Club.”

Communications Team

The Communications Team is a group of St. Andrew’s with talents ranging from journalism to photography to film. They aim to share their experience at St. Andrew’s, with students, parents and alumni.
The St. Andrew's Outing Club (SASOC) has been active at least since the 1960s, and we hope to encourage meaningful fun and learning outdoors; participants become more aware and appreciative of themselves and the natural world which supports them. The club has equipment for outdoor activities including biking, climbing, skiing, sledding, canoeing, kayaking, hiking, and camping. Annual trips include canoeing the Brandywine River, hiking and camping at Hawk Mountain, biking along the trails around Nokomis Pond, winter hiking along the beach in Cape Henlopen State Park, hiking and camping in Shenandoah National Park both during spring break and spring long weekend.

Cornerstone

Cornerstone is a group of students from all forms that meet with Amy Cooper, a representative from FOCUS (Fellowship of Christians in Universities and Schools), to discuss anything from what we students discussed in class to an insightful study and discussion of the bible. Cornerstone is not limited to Christians, but welcomes anyone who is interested in thoughtful discussion and fellowship.

Environmental Stewards

We seek to find ways to improve sustainability on campus through projects, dorm audits and meaningful presentations. We meet every Friday in the main common room with Doc McLean and our good friends Ben and Jerry.

Polar Bear Club

An open society limited to only the bravest, the Polar Bears exhibit the qualities of exemplary and completely sane human beings. Bravery, Fearlessness and Greatness are the attributes that presidents Lucy, Parker and Molly work to teach the school.

GSA

The Gay Straight Alliance meets biweekly to discuss news and issues both within the LGBT (Lesbian Gay Bisexual Transgender) community and in the greater world community. Our mission is to promote equality, understanding, awareness, and discussion of the Gay Rights Movement and its relevancy, especially at St. Andrew’s. Not pictured: Co-president Emily Grohs.
Sista Space

SISTAPA spearheaded by students, this open forum for girls to talk freely, openly, seriously, heartfelt, and jokingly. It’s a space for the female population of campus to talk and eat. Mrs. Cotton’s Brownies Boys? Sure, we talk about them, but it’s not just that. We talk about life as a girl on campus and the situation of women in the modern workplace, at home, and in other environments. We invite you take a break from your burdened day to sit, laugh, listen, learn, and discuss. Every and any “sista” is welcome.

The Friday Breakfast Club

It’s Friday morning—so close to waking it through another week. 7:15. DeSai pulls up in front of founders, and a bunch of students pile in. We cruise on over to Sunrise Bagel, and over bagels, coffee, and chocolate milk we read Bible verses, talk about our lives, and offer support to one another. It’s a pretty good start to a (non-existent) weekend.

The 18 Minute Club

The 18 Minute Club isn’t a pedestal for great runners. It’s the first mile marker. In other words, keep running boys.

Our volunteer-driven bilingual school model creates an environment in which Central American students learn from dedicated volunteer teachers, and those volunteers learn from the community in which they are immersed. BECA's society at SAS helps this amazing organization. The society is led by Kerwin Zamora (co-president and founder), Will B. and Marcus R. In future years, since Kerwin, Will, and Marcus are graduating, Celeste L, Selena W, and Mary W (new co-presidents) will continue with our goal to provide opportunities to children in Central America.

Ann thanks the Saint Andrew's community for its continuous support in Help for Haiti's efforts and looks forward trying again for our "Hands for Haiti" mission trip.
The British Club

'AS IS OUR CONFIDENCE, SO IS OUR CAPACITY.'
--WILLIAM Hazlitt

The American Revolution Club

The American Revolution Club is proud to fight British Tyranny at St. Andrew's in whatever form it may come. This year it came in the form of the British Society: a highly exclusive society that held tea parties to talk about British culture and was only open to people of British heritage. We wanted a club open to all, regardless of heritage, and thus we created the American Revolution Club: a club against British Tyranny. 'We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of happiness.'

Quidditch

The quidditch club gives St. Andrew students the unique ability to experience one of the wonderful pastimes of the wizarding world: quidditch. Complete with 4 teams, Slytherin, Ravenclaw, Gryffindor, and Hufflepuff, students battle it out on brooms on Sunday afternoons. Grab a broom and come down to the pitch, see if you can catch the snitch!

Saint Andrew's School Steppers

2011 was the premiere of the Saint Andrew's School Steppers (SASS), and Ann Satine is so proud that she was able to share more of her culture with the Saint Andrew's community. Jazz!
On Monday, Tuesday, and Friday nights, students and faculty gather in the dance studio to take hour-long ballet classes. Since many of the students started in September with no experience in ballet (besides the few classes most of them took from ages 3-5), we started at the very beginning—persistently practicing plies and tendus. Over the course of the year, the dancers have discovered the importance of discipline and commitment, improved their musicality and flexibility tremendously, and they have enjoyed Collin Brownlee’s fabulous array of bright and too-tight spandex shorts.....

Fall Sports
Dear Saints,
We had a fantastic season this year! Our final record was 6-7-2. Each and every member of the team played a huge role in our defeats over Caravel Academy, Westtown, Sanford, Friends, Smyrna, and Red Lion. With ten seniors on the team, senior leadership was no problem. Each senior brought competitive energy to practice each day. I speak for the entire team when I say that Madison Beres, Frannie Gurzenda, Ella Cahill, Grace Mott, Adrienne Fernandez, Nancy Lilly, Charlotte Taylor, Alice Johnson and Katie Keating will be missed next year. The juniors lift the spirits of everyone on the team, especially when they arrive to YAY-DAY in Viking hats and ski suits. I will miss laughing with all of you next year. Katie Toothman, Nina Labovich, Lucy Copper, and Mary Wilson you guys are awesome! The sophomores are a talented group of athletes. Celeste Lancaster, Joanie Oates, and Annie Pohl are game changers. I know you all will make great strides in field hockey next year! Small and mighty, the freshmen have made a huge contribution to the team this year. Emma Richardson and Megan Hasse are tough competitors and their future in field hockey is bright! I loved playing with all of you this year. I hope you remember our last Tower Hill game this season. This game was the best game of St. Andrew's field hockey I have ever seen. The hustle and heart from every one of you was inspiring! I know we lost 2-1, but we proved that we are able to compete with top teams in the state. We worked hard every second of the game and I was so proud to be part of the St. Andrew's field hockey team! Thank you Coach Wright and Coach Tower for a great season! Thank you Coach Hastings and Coach Rowe for your wonderful work with the Junior Varsity.
Congratulations to Junior Varsity's game successes this season! Finally, a HUGE thanks to John Klein for being not only our manager but also another member of our team! I will miss all of you next year! Keep in touch! I wish all of you the best of luck!
Love,
Mackenzie

JV

Nin, get your girls together.
This year's football team has had the exciting opportunity of building on the progress of last year's choppy and learning-oriented season. Although St. Andrew's won five of nine games last year, the team had to adjust to new coaches, plays, and the difficulty of having a limited number of senior leaders. With seven seniors and a host of talented underclassmen, this year we have had the chance to take bigger strides on the football field and in the conference. We kicked off the season with a satisfying payback win over the Delaware Military Academy and despite falling short of the conference championship, finished with a 6-3 record and a host of lasting friendships and memories.
Men's

With the largest and fastest team in St. Andrew's Cross Country history, this season was an amazing one. We started out the season as a huge, fast team. We ended the season as a huge, faster team. This improvement was highlighted in light of the fact that at the Parents Weekend race, our JV team would have nearly beaten out our varsity squad from last year. Not only was it a fast team, but one in which everyone had a great time and grew much closer to each other throughout the season. I don't exaggerate when I say with confidence that this season was something special that will always be remembered, especially by the Seniors who won't be returning next year. I am so proud of this team of 44 amazing guys, and I can't wait to see what the returning runners can do next year.

Girls,
It was a great season, and we loved every minute of it. We ran strong, conquered Brandywine 3 times(!), and had some great PRs.

Everyone on our team runs a little differently: Erin with her arms flailing, Kara with her hair down, Lydia with a tray of cookies, Charlotte wearing a big bow, Georgina with her elbows out, Bertie does her "special" run, Sarah does her butt kicks after downing a jar of pickle juice, Robin stretches, Bri talks nonstop, Jamie busts out dance moves, and Clara keep us sane and sassy.

Remember what we learned this season: rock those tomato-red warmups with pride, and... PUT 'EM IN THE BODYBAG! Run fast next year!

Love,
Georgina, Erin, and Sarah

SAS Men's Soccer has had a great and exciting season this year! Our record does not represent the team as a whole. Captains, Kervin Zamora, Alex Lynch, and Henry Mellon left everything on the field for the team. Delaware’s rules, and injuries kept them from playing much, but they tried hard to be there for the team and to lead the team at anytime. Coaches Carroll and Kahan were hard on us; we can’t even remember how many times we heard Carroll saying, “on the line,” or Kahan saying, “on your horse.” However, they helped us to understand the game. It didn’t matter if we had seniors, juniors, sophomores, or freshmen on the team; because we were one this season. We learned how to play together, and how to support each other in any situation. As a team we fought every single game trying to represent St. Andrew’s. Even though we could not always score, we competed with passion and determination. Soccer taught us this season that if we are united and work as a team, we can achieve great results, and have a great time.

Boys, please remember that we had a great time together. Remember to keep the intensity up, and always try harder. Seniors, thanks so much for your great collaboration to this team. Coaches, thanks for a phenomenal season! Under formers, keep going next year and in the years to come make us proud, we believe in you!

(2010)
Saints,
This season was so much more than we could have ever imagined at the beginning of September. Our match against Baldwin defied everything expected of us. We played with heart, intensity, and passion for 100 full minutes, proving to everyone the definition of a team, and our willingness to work for each other. We loved every minute of our time on and off the field with all of you and couldn't have asked for a better group of girls to spend our last soccer season with. Our team unity ultimately allowed us to fight against teams that we never thought we could. The combination of our fearless first-year goalie, Grace, and our brick wall defense of Margaux, Libby, Annabel, Lucy, Aly, and Maggie, shut down countless opponents. The relentless crew of midfielders, Annie, Amanda, Claudia, Helen, and Eliza were the heart of the play, refusing to back down. Our ruthless forwards, Molly, Betsy, Caroline, Alexandra, and Cesca led us to victory scoring beautiful goals.
Coached by "open the floodgates" Demers and "put me in coach" McGowan, we learned a deeper love for the sport. Girls, never forget the call to overtime in our last game: sky darkening, fans lining the field, looking around the huddle to see the willpower in each of your teammates' eyes. It's been amazing. We love you,

Liza and Elizabeth

Bringing Home the Bacon

Dear Girls,

This season was amazing! We really exceeded our own expectations, and raised the bar to a whole new level. Y’all really made our last season memorable and we’re really proud of how much the team improved as a whole. To Louise and Taylor: thank you so much for joining the team this year. Your energy made the team so much more fun, and we hope you enjoy your next three years. To Maddie and Emily: you guys have improved so much this year. You always made us laugh on and off the court. To Tolani, Gracie, Liz. and Lizzie: when it comes down to it...all we can say is that y’all are beasts. We know that you guys will be great leaders next year and will continue to improve the team. To JV and Thirds: your potential is amazing and your improved skills are something that the program is really excited about. Your efforts were invaluable to practices and your cheers were so encouraging during games. We’re going to miss all of you guys, but just remember...keep bringing home the bacon!

Love,

Girls' Squash
Squash girls,

We could not have asked for a better group of people to spend our countless hours with in the van, enduring Molly's singing, Mr. Speers' intellect and comebacks, and Abigail's freshman-ness. We were proud of how each one of you rose to your own challenges this season, and fought for each of your matches. Together, we were able to conquer the powerhouse of Bryn Mawr, something that hasn't been done in 11 years. We can't wait to come back and see some awesome matches next year. Oh, and to summarize some of our season, we have decided to show you some of our expectations of the future:

Cesca Fleischer: Professional problem solver, impressing businessmen with her list of allergies
Liza Bayless: Teaching the Gilly dance and song to the world
Celestia Lancaster: Running into lampposts worldwide
Henrietta Goelet: Voicing for DreamWorks films, breakout role in Madagascar 3
Abigail Smith: Doubling for Taylor Swift by day, majoring in Hebrew Studies by night
Charlotte Mara: World champ at Bananagrams, but still a noob at ghost
Kara McDonough: Sweeping the nation with a newly famous two-handed backhand
Molly Belk: Backup singer for Miley Cyrus, still has the Bieber Fever
Omololu Babatunde: Modeling squash outfits, and leading a workout video that can be found in everyone's DVD collections
Kristina Kassis: Famous singer and songwriter, and still laughing at her own stories
Papa Savage Speers: 100 daughters and counting, still impressing them with his knowledge of historic figures

We love you! Let's do it, Henrietta and Liza

This season was straight boss. We loved every minute on and off the court. Let's just take a trip down memory lane, or shall we say Glory Road: Starting with a new coach, who included us in her engagement story (we're that special. See you at the wedding, Coach!) and a sassy new freshman who insisted we call her 'Ney (we opted for Jan), our season was underway. Nina, with her hammy clams, perfected the sideline three. Lord Farquar protected her kingdom on Defense. Libby takes the stomp-shot... the bank is open. Frannie "the Secret Weapon" Gruzenda proved that she could knock down any shot while Peety repeatedly beat the rest of the team in sprints (no one could beat her on the dribble).
We are just going to interrupt this journey to let you know that Grace Saliba made outstanding contributions to our team (RAINDROP!!!). Brizzle boxes out like an animal (sound effects included) while Brenda sinks the pull-up jumpers (FADAH)! Aly Berry prowled through the paint like a tigress all season. Shout out to Z, the fourteenth member of the team, to Ben Kang, to you we are forever indebted and to our coaches, the three best friends that anyone could have (and they'll never ever ever ever ever leave each other)! The price of taking you down Glory Road: 9 marks for being too loud in the library.

This year's basketball team has done well to build upon the progress made by last year's young roster. With three senior leaders, a handful of promising juniors, and several new underclassmen that have stepped up to fulfill important roles for the squad, the team has achieved winning record for the first time in several years. Highlights of the season include a satisfying comeback win over Wilmington Christian, a 32 point margin of victory against Wilmington Friends, and a chance to attend the state tournament for the first time since 2005. With an impressive new field house in the making and a talented group of young players ready to take up the mantle, the team is poised to achieve new heights.
Wrestling

The 2010-11 Wrestling Team ended up with a 3-5 record. But who cares about records? The real season was a far more exciting and successful narrative. The team improved with every miserable, sweaty, exhausting practice, persevered through many injuries, endured both hunger and early morning van rides to far away Tournaments, and at the end of the year every member of the Varsity and JV teams had many matches and moments to be proud of. Some highlights included: 3 DISC Champions, 4 3rd Place Finishers, 2 State Qualifiers, an Undefeated Season by two year Captain Austin Glessner, Medal Winners at The Bohemia Manor Tournament, The Halloway Tournament, and The King of the Hill Tournament, many dual match wins, and a last second JV quad meet put together by Coach Duffy that featured St. Andrew's JV wrestlers defeating wrestlers from Appoquinimink, Middletown, and Salesianum. Special Thanks go to Coaches Duffy and Carroll for their many hours of coaching and drilling, and selfless sacrifice of their afternoons driving us to other schools in a season that included only two home matches. Thanks also go to Fred Carpenter, who has been coaching Delaware Wrestling for approximately as long as Delaware Wrestling has existed. His good humor and boundless knowledge will always be needed and appreciated. Harvey Zendt and Jay Hutchinson also made several appearances in the room to contribute knowledge of technique and to help out with the Quad Meet. and Al Wood sacrificed roll upon roll of tape securing and treating various growths and rashes. Thanks go to all three men, and to everyone who made this season what it was. A final thanks also goes to this year's seniors on the squad: Austin Glessner, Taylor Hennessy, Bruno Barella, Chris Reisine, Dheuris Rodriguez, and Sam Lee. All of you led the team well by example.

To The Wrestlers: Well done. You made it through a season of one of the toughest sports there is, and you are a better person for it. There are too many success stories and tough wrestlers on the team to mention them all here, but you know who you are. Thanks for the memories and hard work. We hope to see you here again next year.

Love,
The Captains.
Saints.

This season has been incredible, from lane 1 across the pool to lane 6. The amount of effort and heart that everyone showed both in the pool and on deck cheering frantically for each other set the standard high for every team in Delaware. The meets that came down to the last relay demonstrated the determination of everyone on the team.

Even as we trained hard in the water, the most memories were made outside of the pool as we truly became not just a team but a family. Of our four years swimming for St. Andrew's, this one has been by far the best because of how close we became over the season, even if it made Mr. Crimmins laugh and Ms. Kelly feel awkward. From the first midnight practice to the spaz attack before the Middletown meet, this team has come together in a truly uncommon way to use the famous words of our beloved William James Wallace Jr.

We love you and good luck next year!!  --Your Seniors
