Mrs. Tower

We know you hate appreciations so we will keep this brief. Over the course of our four years at St. Andrew's, you have managed to teach almost every single one of us. Whether it was in freshman year US History or 20th Century, you have made such an impact on every student you have interacted with. Your positive presence on dorm and in the school in general may go unnoticed by some, but we want to take this opportunity to truly appreciate you for all the things you have done for not only our class but for this school as a whole. Our class has chosen to dedicate our yearbook to you because we believe that you are a wonderful teacher who has given so much to us. Thank you for all you do, we love and will miss you greatly.

Love,

Cross-country had an amazing season with lots of intensity, amazing PRs, exciting wins, fun, and laughter! Some highlights were: crushing the human knot challenge, toning our buns, a high-stakes photo scavenger hunt (and a special visit from the police!), adventuring at Tower Hill and staying strong while waiting out the bus, uno deux ☰, lots of ~interesting~ dancing, playing handball that one time, obsessing over baby Finn, partying with the Middletown pep band, smoothies at the Berl's, and, of course, absolutely KILLING IT at all of our races (Middletown, Joe O’Neill, DISCS, the list goes on!)

To our amazing teammates: We love you all and had an amazing time running and racing with you this season. You all are the kindest, funniest, hardest-working girls we have ever met. Thanks for a great fall, and go Saints!

BOYS CROSS COUNTRY

"Congratulations on a fast, intense season. We are proud of your care for running, and we are excited to see how you exceed expectations once again next season." - Francis and Alex
The NFL and football in general have been moving towards a style of play with tons of excitement. We didn’t have the smash mouth power like Wilmington Friends or the ‘83 Redskins, so this year coach brought out the trick plays. From Alec Maloney’s Ole Miss receptions to the classic Clemson, this year was full of excitement. We had at least 5 guys take a snap at QB and starting spots were thrown around more than the actual football. Tim played lineman, Colin played tight end and I think at one point Godfrey lined up as kick returner (or at least he thought so). Overall, it was an exciting season, to say the least, and we wouldn’t want to spend it with any other group of guys. Lastly, we want to thank the coaches; they were the best brobeans in the whole brotaco. Here is just a fraction of the great wisdom they lent to us over our time:

“I went to go get a chicken parm from Wawa, but then I saw the locker room was a mess. I was so mad that I got two, and now I’m fat.”

“All I do is sit in my apartment, eat Twinkies, and drink Mountain Dew, and I just caught 200 yards on you guys!

“LOOK INTO MY EYES! BETTER YET, LOOK INTO MY SOUL!”

“Winning is everything”

“My name is Patrick”

We will miss the arguments over the best underwear, the countless extra gassers and commitment everyone brought to the field every day from August to November. Win that Cannon back boys! Win the Day!

We would like to thank each and every one of you for helping to make this season the most successful and memorable of our last four years. As a team we put the money in the bank and it paid off with an ending record of 8-6-2. You all inspired us to work harder every day. This team was a family built on trust and support both on and off the field. It was an honor to be able to lead such a dedicated team that never gave up. We know next year you will be even stronger and don’t forget to keep us updated with all that you accomplish! We love you all so much and keep #doingitfortheprogram

BOYS SOCCER

To the boys:

Playing with you all has been an incredible experience for all three of us. We could tell how special this team was from the first week, and in how we bonded during the painful days of preseason. Through the grueling heat and blistering sun, we moved forward and built the foundation for a season that we, as seniors, will ever forget. We thank you for that. Although we are leaving next year, it is our hope that the team keeps building upon itself, taking on new challenges, pushing yourselves to greater heights.

To say we didn’t accomplish our goal would be a complete lie. Having over 20 guys from all over the globe who have never played with each other is a challenge in and of itself. However, seeing this group bond, evolve, and come together is truly one of the greatest things we have ever witnessed. Although we didn’t win the tournament and our season ended one game short, being apart of this team was the biggest victory of all. From every last second win to Rick’s ridiculously soothing Italian music, we cherished every single second of it, and we hope you did too.

Back in November, after our loss in the tournament, on that rainy field in Smyrna, is a moment we will all remember for the rest of our lives. Being together in that huddle was the quintessence of brotherhood; under the lights and the rain clouds, we came together, as one, and showed the entire school what our team is all about. It was never about the wins or the goals or the excitement of the crowd, but it was always about being on that field together no matter what happened. We are prouder than words can express and are honored to have experienced it all with you guys.

Never forget what we built, what we learned, and how we grew. We’ve laughed together, we’ve cried together, and we’ve sure as hell exceeded all of our own expectations.

Through this entire process, we’ve built a family, a family that we can all count on no matter what, on and off the field. We are so excited to see what you guys achieve in the future and we know that you guys will carry the meaning and tradition of this team to greater heights. We are honored to have served as your captains and eternally grateful for the lessons you have taught us. Thank you for every single memory made and for being the best family we could have asked for.

Much love,

Nik, Colin, and Keegan
Saint Andrew's

Varsity,
I want to start off by saying that our record doesn’t accurately reflect the hard work and improvement we achieved this season. The memories we have all created this fall is something really special and I thank you guys for making it all possible. I know that this team is the first of many teams to follow that are taking our volleyball program in a positive winning direction. Coach Mastrocola: I know that all of our success this fall wouldn’t have been possible without your guidance and support everyday at practice and games. As tough as the workouts were they were definitely worth it and we were all better athletes because of you. Thank You!!

Love,
Anna

I know there were a lot of feelings throughout this season. Our team dynamic went through periods of stress and there were moments when we were flying high. Regardless of how you felt overall about this season, every single person grew in one way or another. Our work ethic and skill level increased significantly, and you all should be proud of your success. If this season was tough for you, use it as fuel. Strive to make everything you do the best possible; learn from all of the mistakes made this year. Good luck and much love-- Ya’ll cool peoples

Thanks!!!!

Dear Girls,
This season has been a blast! Through grueling practices and intense meets we held each other up and pushed to the end. Each and every one of you has given it your all and contributed to this team that we now call family. Look at how much we have grown since the beginning of the season: many first time swims, massive time drops, and of course our conference win! We are so very proud of all of you and we can’t wait to see how much you grow next year. Thank you so much for the locker room dance parties, post-meet selfies, constant support, unwavering optimism, and all the love! Take care of Richie for us <3 xoxo, Caitlin & Hannah

To the Boys:

Thank you for making this season a perfect way to end our high school swimming careers. As a team you all were the most dedicated, goofiest and above all the fastest swimmers we’ve ever had the pleasure to compete with. Over and over in our dual meets we showed how to swim as a team and crushed schools with faster swimmers because every member of our squad contributed to making the team successful. To cap it off, we defended the SAS Boys’ swimming legacy of annihilating the competition at DISCs and brought the hardware back to St. Andrew’s for another year. From Aanmmnnnnnnnnnn Yancey to our Hot N Cold renditions and our “special” days (Thank you Swinslow) of the week, this was also as much fun as we’ve had on a team in our time here. It was an honor and a pleasure to swim with you all and we look forward to hearing about the team’s success in the years to come. One last time-

Ziggy Zaggy Ziggy Zaggy Oi Oi Oi,

MARTIAL ARTS

Martial Arts Squad,
Our first season ever of Martial Arts was a blast. We prepared for the unfortunate event that would require us to defend ourselves in the street. All winter we've punched, kicked, dodged, ducked, dipped, dived, and dodged, redirected, taken down and thrown, haymakered all day, escaped from holds, choked, gotten choked (really fun), locked wrists, and beat each other up everyday. Even though that's been our day to day routine we made it out on the other side unharmed. The season was interesting to say the least and every day brought a new joke, stunt, one of Mr. Kunen’s puns, or a special moment.

Saints Wrestling

What the 2017 wrestling team lacked in size they surely made up for in spirit and style. Almost tripling in size, the wrestling team really killed it everyday in the wrestling room despite being some of the least coordinated people on campus (at some point come and watch Brando try to run around the mat). Thank you for keeping the wrestling dream alive.
INDOOR TRACK

The two things that Terrell preaches is "Trust the process" and "everyone come to the party". "Trust the process" means that everyone put in the work and play their roles because winning and getting better is a process that all of the times does not happen right away. When everyone "comes to the party" this means that everyone play their role and bring something to the team to help us win. In my three years, basketball taught me more than just how to put the ball in the rim. We all learned a lot that can be put applied to life and had fun as a team doing it.
Girl's Basketball
A.C.E.
Attitude. Confidence. Effort. Three important words when it comes to the foundation of our team this year.
Throughout every practice and game we embodied A.C.E and worked to play our hardest, leaving everything out on the court. From our win against Tower, our unbelievable senior game against DMA, and our final game against Wilmington Christian where everyone went all out, A.C.E pushed us to not only work hard as a team, but to win with composure and lose with dignity. We will miss every single one of you guys and never forget that with A.C.E. you don’t need to do great things, but small things in great ways. We Love You! <3

Sam - You have the strongest work ethic on our team, and your positivity shines. Never stop being “so excited to win” every game!

Alex - You never fail to out-hustle all of us, and you probably have the nastiest shot block this team’s ever seen.

Leandre - You can beat just about anyone up the floor, so never be afraid to! You’re going to be a great point guard next year!

Noor - You’re shot is incredible. You are fearless on offense, and you lead our team as a scorer. Never let up!

Kate - You’re our team’s rebound and put-back QUEEN. Keep it up!

Emily - You’re the scrappiest, most aggressive player on our team. Don’t ever hold that back! ….Watch the fouls though :)

Christine - You work so hard each and every day. You’re always putting in the extra time, and that really shows through your improvement. Skip your heart out!

Chloe - Your resilience is inspiring. You work hard even when nobody’s watching. Never stop!

Coaches - Thank you for all of your support throughout this season. None of it would be possible without you guys! And please don’t forget us!

Xoxo,

Hannah, Camille, Jas, Brianna, Grace, and Lynden
Dear fellow squashers,

It's been a memorable season. Despite our struggles of Larry's tardiness, certain senior's quitting, hand injuries, squash balls to the neck, leg injuries, and Finlay talking to himself, we had a blast. You guys are gonna have a fantastic season next year. Keep working, don't elect Trip or Larry captain, and remember, varsity is our name, squash is our game.

Love your captains,
Patrick and Mac
SQUASH

GIRLS

Dear squishers,
This year has been the best year yet. We have grown not only as a team, but as a program and as a family. The van rides, dinner trips, and Saturday tournaments were some of the highlights of our winters. You have all grown so much as individuals and your potential will only continue to grow as you continue to play. We cannot wait to see all the progress you make next year as a team. Keep bringing the program with you. We love you all.
Always remember, girls squash is the hottest team on campus #tooeasy #lightwork

To be honest, I did not come to SAS expecting to leave a drastically changed person. My expectations were right; I’m not. But this place has taught me countless invaluable lessons on how to truly be me, be receptive to society, to challenge myself continuously, and to surround myself with happiness. And for those lessons, I will be forever grateful. Thank you Mom, Dad, and Amanda for talking me into applying to boarding school and for keeping me in check across the globe. I will also be forever grateful to Mr. Tower for that inspirational speech at the end of 1st quarter senior year. That was 10/10. So here’s to:

Firstly, to all of my best friends at SAS, thank you for always being there for me, and for never being afraid to tell me when I’m being annoying, when I’m wrong, and when I’m being just plain dumb. Thank you for watching Sherlock, Doctor Who, Bones, Firefly, and so many other shows with me. Thank you for being the most amazing people I have ever met, bar none. I hope we stay in touch forever. I love you all.

To all of my Sophomores on Baum, whom, despite my general inability to say so, I love and will miss very much.

To all of the teachers and faculty who helped me through the long and arduous process of actually getting my work done, and (ideally) done well. Thank you for all of your patience, for all of your support, and for all of your valued guidance over the last few short years. I know there are times when I didn’t seem appreciative enough, or particularly respectful, but know that I value, respect, and have taken to heart every single word you’ve said to me, and every lesson I’ve learned.

To my cross country coaches, both those who are still here and coaching, and those who have moved on to other things, thank you for 4 years of putting up with my total ineptitude for the sport and for athletics in general. The same thanks goes to Mr. Geiersbach in Jazz ensemble.

To my advisor Mr. Gilheany and to all of my fellow Gilheany advisees present and past; thank you for creating such a welcoming, supportive, caring environment for me. I’ll miss you all.

To my roommates from Freshman year: you guys made my life a living hell, but you also taught me a lot. I wouldn’t change a thing. May you both have beautiful, amazing lives.

Joy. Yes, it’s more than a tad cliché, and no—it’s probably not the first word that comes to mind in regards to junior spring (or senior fall!), but—without a doubt—it is the word that comes most immediately to mind when I think of Saint Andrew’s and the memories and relationships it has given me. I’m doing work I love with people I love in a place I love, and I can think of no better alternative to that.

So, to my absolutely incredible advisor and my fabulous “honorary!” advisor: You are my role models and my rocks; if I can manage to be even a bit like y’all as an adult it will be enough. To all of the incredible teachers, mentors, and coaches I’ve been privileged to get to know over the last four years: You have all helped me become the person I am today, and if I were to attempt to list you all this page would be nothing but names. To the lovely ladies of Pell: You are all incredible young women, and it’s been an absolute joy and privilege to live with you this year. You light up my life. To my family: I am who I am because of you; you will forever be the most meaningful people in my life. And to my fabulously quirky friends: Some days I just have to stop for a moment to appreciate the absurdity of a) you, and b) the fact that I’ve managed to surround myself with such an amazing group of genuine, compassionate, and talented individuals.

I love and thank you all.

4 pieces of advice:
1. Love is better when you share it.
2. Don't be a phone wanker.
3. Play well Ball.
4. Don't worry about other people judging you. They are probably equally worried about you judging them.

This is a really special place we have here. I never thought I would love as many people as I do here, feel so comfortable in 200 acres or be able to dance ballet in front of 300 people. Cherish your time here, it goes faster than you think.

Thank you to everyone and everything. I have never felt as at home as when I feel firmly entrenched in this amazing community—when we shout carols or simply relax on dorm together. Or when I run in the fields and feel the miraculous, beating heart of this place. I probably imagine it, but that does not make it untrue.

Thank you especially to all who have made my time here bearable and wonderful!

Sarah, thank you for your twinship, your love, dealing with me, and working with me. We’ve come so far in four years, and I will forever be grateful for your companionship and powerful caring. You are truly unique.

Caitlin, thank you for cross-country cuddles and physics powwows and sharing with me both your childlike joy and terrifying beast mode, your loyalty and fierce individualism.

Amelia, you’re simultaneously the sweetest and fiercest person I know: your justice and joy inspire me.

Grace, thank you for your support, kindness, dark humor, and for inspiring me with your incredible persistence. You bring joy to my life.

Adam, I love being friends with you. I’m sorry for shooping you away from the study room. Thank you for looking beyond the obvious with me, for the great discussions, both intellectual and reflective.

To Wendy, my beloved roommate, love of my life. You may be right; I may be crazy. But thank you for the music, the love, the laughter, and the inquisitive discussions. You are the most brilliant person I know, and I have loved our four years together.

Emily, I love you beyond all words, and though you may be my little sister, you inspire me every day with your kindness, energy, creativity, discipline, and engagement. Seeing you love and contribute to this community brings me inexpressible joy. Keep on being you, and the world will never be the same.

St. Andrews will always have a special place in my heart. It is my home now and forever. I am eternally grateful for everything and everyone. So much love, especially to the Class of 2017. ♥
This isn’t a moment that marked a beginning or an end. Rather, it was one simply meaningful—when you look back, please don’t be romantic; please don’t be critical. I hope that you live in the present, I hope that you hope everyday—

"you become. It takes a longtime. That's why it doesn't happen often to people who break easily, or have sharp edges, or who have to be carefully kept. Generally, by the time you are Real, most of your hair has been loved off, and your eyes dropout and you get loose intre joints and very shabby. But these things don't matter at all, because once you are Real you can't be ugly, except to those who don't understand."

I can’t even begin to explain how happy I am that you came to SAS and how different I would be if you weren’t always by my side for the past two years. I can’t wait to conquer the world in our adventures together. I love you beyond words. PS- send me granola asap.

Baylen- You are my rock and I know I can go to you for anything and everything, especially if I need a good laugh. I try not to get too chunky chunky on me now. :) I love you so much and will miss you more than you will ever know.

Alex- You brighten everyone’s day with your positive energy, especially on the field! If I need to talk to someone about anything, I know I can always count on you. I can not imagine my SAS experience without you. Flock hard for me next year. :) xo Ruth- Despite our ups and downs, you are one of my best friends. I’ll miss our vent sessions, our crazy dance parties in the shower, and being a proud momma of squishy with you. I love you more than you love hot fives (if that’s possible.).

Gillian- You dominate life both on and off the field! I love talking to you about everything and I can’t wait to see you destroy TH in field hockey! PS- we need to party together sometime.

Hannah- No matter what is going on in my life, I know I can always count on you to make me smile! I love the most positives outgoing energy of everyone I know. Im going to miss you so much next year! But I can’t wait for you to visit me in Md. :) I love you! Meghan- I can not imagine going to school without your hilarious comments and making me cry by my bed on the field and court. Thank you for always being there for me and I’ll make sure to stop by your house whenever I’m in DC! :) Jenna- Thank you for always listening to me when I need to vent, especially earlier this year. That conversation meant so much to me, and somehow you always find a way to confront me during my toughest times. I will miss chilling at Nationals with you.

Sarah & Thuy Anh- I will never forget the craziness that was our inseparable friendship freshman year. #bringbackkonaandbeth2017

Sam- Thank you for always finding a way to make me laugh to the point where I’m in tears. School won’t be the same without your dance moves and random spiritual comments. Can’t wait to chill on the beach and listen to Nirvana with you!

John- Our trip to Vermont was the highlight of my year! I’ve never had deeper and more meaningful conversations with anyone—especially in the dining hall at eight o’clock at night! Please go to school in Boston so I can visit you all the time! :) Min- You’re one of my best friends and I’m so happy that we somehow always had at least two classes together each year. Sophomore and Junior year will always be two of my most memorable SAS experiences. Thanks for making the past four years so special and I can’t wait to join you at GW. I will always be sneaker than you! Barz- You understand me more than almost anyone I know. Thank you for everything, especially all of our talks. Gus- I don’t think you will ever realize how important our talks in the library was to me. Thank you for being there for me in such a tough time.)

Matt- You brighten my day whenever I see you! Thank you for making me laugh and I will miss you and our mentoring adventures at MOT. Graham- I can’t stop smiling when I’m around you. Coach Dav- You’ve taught me how to be dedicated resilient, and hardworking. Thank you for being the best coach I have ever had! I will always make sure to put the money in the bank! :) Crowdog- Thank you for being the best advisor I could ask for! You motivate me to be the best person I can be.

Class of 2017- I love you all so much and if I had the room I would write something for every one of you. Thank you for making the past four years the best years of my life! Class of 2017. Thank you SAS for changing my life, helping me to discover who I am, and putting me through some of my greatest and most challenging life experiences.

Shout out to Lip Baum, Dimples, Moorowagon, Avi, Freshman Triple, Goose, Jason, Men's Crew, Varsity Soccer, Mr. Porter, Chicken Perm, The Noxontones, The Carroll's, Dr. Johnson and the Johnson-Reddy Advisory, Ms. Pressman, Mr. Finch, and Mr. Roach.

This has been the most memorable four years in my life. At St. Andrew’s, I learned not only critical thinking skills and problem solving; I learned to control my fear, my anxiety, to get out of my comfortable zone, and to appreciate others.

I want to appreciate Mr. Geiersbach, my advisor, for his care about me, his guidance on my journey in music, and his patience and encouragement in my learning; I want to appreciate Mr. Hammon for being such a nice teacher and friend, and for talking to me about physics, life experiences, and our favorite books; I want to appreciate Mr. Finch for bringing energy and humor into class, and for explaining economics in such a fascinating way; I want to appreciate Dr. Johnson for the interesting problem-solving skills he introduced in the class; I want to appreciate Mr. Gilheany for all the great debates we have had in class and for developing my critical-thinking skills; I want to appreciate Mr. Kunen for his jokes, his thought-provoking introduction to Asian philosophies, and the martial arts philosophies he teaches; I want to appreciate Mr. Roach and Mr. Speers for such a great school culture, in which I feel I am cared and loved; I want to appreciate all my friends and classmates for being so nice to me; I want to appreciate St. Andrew’s, for everything I have experienced here.
thanks all the teachers and dorm parents, especially Terrell, Mr. Speers, Mr. Geiersbach, Madame Johnson, Mr. Permutt

We all pull for something.

You either pull for your family, your friends, your teammates, to not disappoint your coaches.

But at some point, you pull for yourself. You pull to prove something to yourself.

You pull for you and your goals, you pull to win. You pull for that small fraction of time off your split.

And when you win, all the pain is worth it.

We’re all pulling for you Max, and are so proud of the young man you have become.

Love, Mom, Dad, Carly, Paige, Marija.
